Enquire's complete data analytics and reporting solution supports iterative program development and continuous impact

Collect Data

- Integrated data capture throughout the system through business processes including client reporting and project status updates.
- Search, query, filter and save data across your grant portfolio, including contact, financial and project status data.

Report Outcomes

- Export any ad hoc report as an Excel sheet.
- One click reports for a range of standard requirements.
- Build graphical, tabular or dashboard reports using Enquire's data warehouse.
